REVIEW BY HIS EXCELLENCY THE GOVERNOR, NORTH-WEST FRONTIER PROVINCE, ON THE ANNUAL REPORT ON THE ADMINISTRATION OF THE NORTH-WEST FRONTIER PROVINCE JAILS FOR THE YEAR, 1950.

The Provincial Government is glad to observe that the number of admissions to Jails has continued to decrease. A total number of 33,189 prisoners were received during 1950 as compared with 36,245 in the previous year. There was, however, a slight increase in the daily average population from 5,125 in 1949, to 5,221 in 1950.

2. The percentage of prisoners sentenced to simple imprisonment and rigorous imprisonment was 19.82 and 80.18, respectively, this year as against 21.04 and 78.96 during the previous year. The number of condemned prisoners executed during the year under report was 9 against 1 in 1949. Another lot of 34 prisoners condemned to death were admitted as compared with 44 in the previous year.

3. The number of Habitual Offenders admitted this year increased to 312 as compared with 301 of last year, which shows a percentage of 4.79 of the total number of prisoners admitted in Jails.

4. This year is marked by a decrease in the number of admissions in daily average population of under-trial prisoners in Jails as compared with the previous year. Similarly there was also a decrease in the number of admissions of the under-trial prisoners in the Judicial lock-ups this year.

5. A number of 13 convicts escaped as against 12 last year. Out of these 7 were recaptured, besides 4 others who had escaped last year.

6. The total number of major and minor offences committed by convicts and punishments inflicted on them by members of Jails were 396 and 561 as compared with 345 and 239 respectively during the previous year. Only three cases of such offenders were referred to Criminal Courts. No corporal punishment was Inflicted on any prisoner.

7. A number of 1,594 prisoners were released under the Remission rules as compared with 1,598 in 1949.

8. Jail industries, such as manufacture of durries, woollen articles, mat-making, leather manufactures, paper-making, carpentry and tailoring, continued to flourish and has brought in a net profit of Rs. 95,854 and actual cash earning of Rs. 52,171 as compared with Rs. 1,42,267 and 85,595 respectively during the year 1949. There were difficulties in obtaining raw materials which caused the decline in the net profits and cash earnings this year. Cottage industries, like bee-keeping, poultry and silk industry, were started at Haripnr Central Jail.

9. The total expenditure incurred on guarding and maintenance of prisoners in Jails and sub-jails of this Province, excluding that of buildings and repairs, amounted to Rs. 15,31,297 as compared with Rs. 18,21,521 in 1949. The decrease was due to a fall in prices generally. Consequently the total cost per head of average strength fell from Rs. 377/5/9 to Rs. 307/14/9 during the current year. After deducting the cash earnings realised during the year, i. e., Rs. 52,171, the net cost of maintenance comes to Rs. 14,79,126. which brings down the average net cost per head to Rs. 297/7/-

10 A number of 1,776 prisoners were admitted into hospitals as against 2,344 during the previous year, which shows that the general health of the prisoners remained satisfactory during this year. There was, however, an increase in the number of deaths which was due mainly to T. B., and other long-standing respiratory diseases. The number of visits paid to Jails was 1 by Hon'ble Minister, 7 by Inspector-General of Prisons, 20 by ex-officio visitors 35 by other officers and 38 by non-official visitors. Government sincerely wishes that more visits are paid to the Jails.

11. 120 offenders under the age of 16 years, or a percentage of 1·84, were admitted in the Jails during the year under report, which shows an increase of 7 over the preceding year. The number of prisoners sentenced to imprisonment above 5 years, but not exceeding 10 years, was 321, which shows an increase of 122 prisoners over the last year.

12. In pursuance of adult education scheme, primary education to prisoners continued to be administered in the Central Jails with good results. Qualified religious teachers have also been appointed in all Central and District Jails to impart religious education to the prisoners. The old bread, which was a mixture of wheat and gram, was replaced by pure wheat bread. The pay scales of the upper Jail staff and of the low-paid employees were revised by the Provincial Government, which has been greatly appreciated by all concerned. Similarly the posts of Mullahs were up-graded and converted into those of religious teachers. Further steps were taken to replace quilts by blankets gradually as quilts cannot be sterilised and disinfected easily.

13. The Provincial Government takes this opportunity of thanking Colonel A. K. Sahibzada, O. B. E., who so ably held the charge of Inspector-General of Prisons during 1950, and greatly appreciates the excellent work done by all the Jail officials and staff during the year 1950.

The total expenditure incurred on guarding and maintenance of the prisoners in Judicial Lockup was Rs. 1,00,254 against Rs. 1,49,135 in the year 1949. The decrease is in expenditure on rations which is mainly due to fall in the rates of food stuffs. The decrease in cash or net profit and cash earnings during the year under report as compared with the preceding year is due to the non-availability of raw materials. (2) and the increase in the maunfacture for Jaii Supplies instead of supply to private customers and Government Officers as no profit is charged on Jail Supplies.

The Jail Diary Farm was inspected by the Director of Animal Husbandry, North-West Frontier Province, on 28th October, 1950, under instructions, from the Provincial Government. He made certain recommendations for its improvement which are being gradually introduced. All the uneconomical dry live-stock was sold and the price of milk which contained 75 per cent. of fat was fixed Re. 0-10-0 per standard seer against at Re. 0-6-0 or at the lowest market rate of Re. 0-4-0 per seer which was being done heretofore. These steps taken resulted in the increase of profit from Rs. 2,394-8-3 in 1949 to Rs. 9,924-11-0 in 1950.

As recommended by the D. A. H., North-West Frontier Province Sahiwal cows which are excellent producer of large qnantities of milk will be introduced into the Farm gradually as soon as funds permit.
